- Contact: several bug fixes in saving (new) contact form

Atollon Innovations 2013

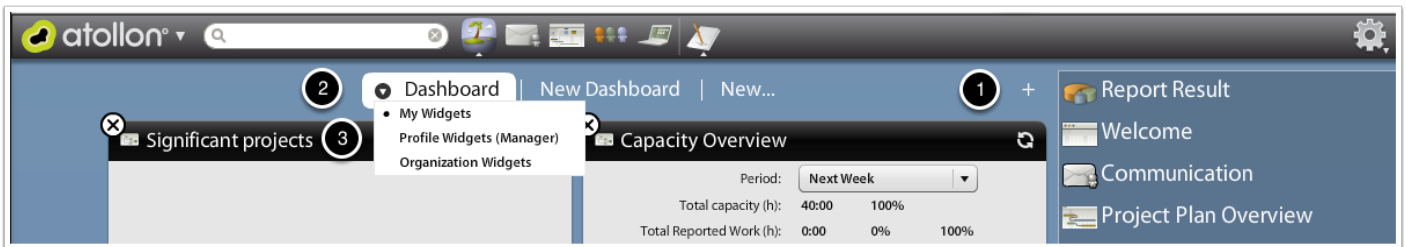

(week 50)

New features

- Access: **User templates** supported

- Access: Possibility to share Folders / Clients among multiple organizations
- Contact: auto-lookup for companies based on public registry (CZ + SK supported)
- Contact: loading bank codes
- Contact: supported indefinite number of e-mails, phones, etc.
- Dashboard: customization for User Profile supported

- Estimate: supported Tracking Categories in Estimates & transactions
- Estimate: discounts supported & improved multi-transaction discounting

The screenshot shows the 'Estimate' form for EST0002. It includes fields for 'Number', 'Journal' (set to 'Estimate'), 'Currency' (set to 'EUR'), and 'Payment method' (set to 'none'). It also shows 'Issued date' and 'Valid until' as 12/17/2013. Below these are fields for 'Created' and 'Modified' by 'Joe Admin'. A section for 'Provider' and 'Customer' information is present. A table lists items with columns for Name, Unit Price, Qty., VAT, Amount, and incl. Tax. The table includes two milestones: 'Milestone 1: Analysis' and 'Milestone 2: Development'. A 'Set discount' button is highlighted with a green box, showing a 'Discount: 20.00%'. The total amount is 'EUR 5,200.00' and the total including VAT is 'EUR 6,240.00'. At the bottom, there are buttons for 'Send for approval...', 'Approve', 'Cancel', 'Apply', and 'OK'.

Name	Unit Price	Qty.	VAT	Amount	incl. Tax
Milestone 1: Analysis	0.00 EUR	0		0.00 EUR	0.00 EUR
Services	80.00 EUR	20	20%	1,600.00 EUR	1,920.00 EUR
Milestone 2: Development	0.00 EUR	0		0.00 EUR	0.00 EUR
Product Sales	80.00 EUR	45	20%	3,600.00 EUR	4,320.00 EUR

- Finder: possibility to add one user to several roles (Folder, Project, Activity)
- Time Sheet: supported Team Controlling / Tracking Categories by User or Context (Folder, Project, Activity)
- Time Sheet: calendar events are automatically tracked in Time Sheet
- Work Contract: possibility to assign Tracking Category to user(s)

Enhancements

- Access: Easier way of creating new User
- Contact: Contacts module rewritten to new framework

- Finance: fixed creation of Finance reports

Atollon Innovations 2013

(week 30)

New features

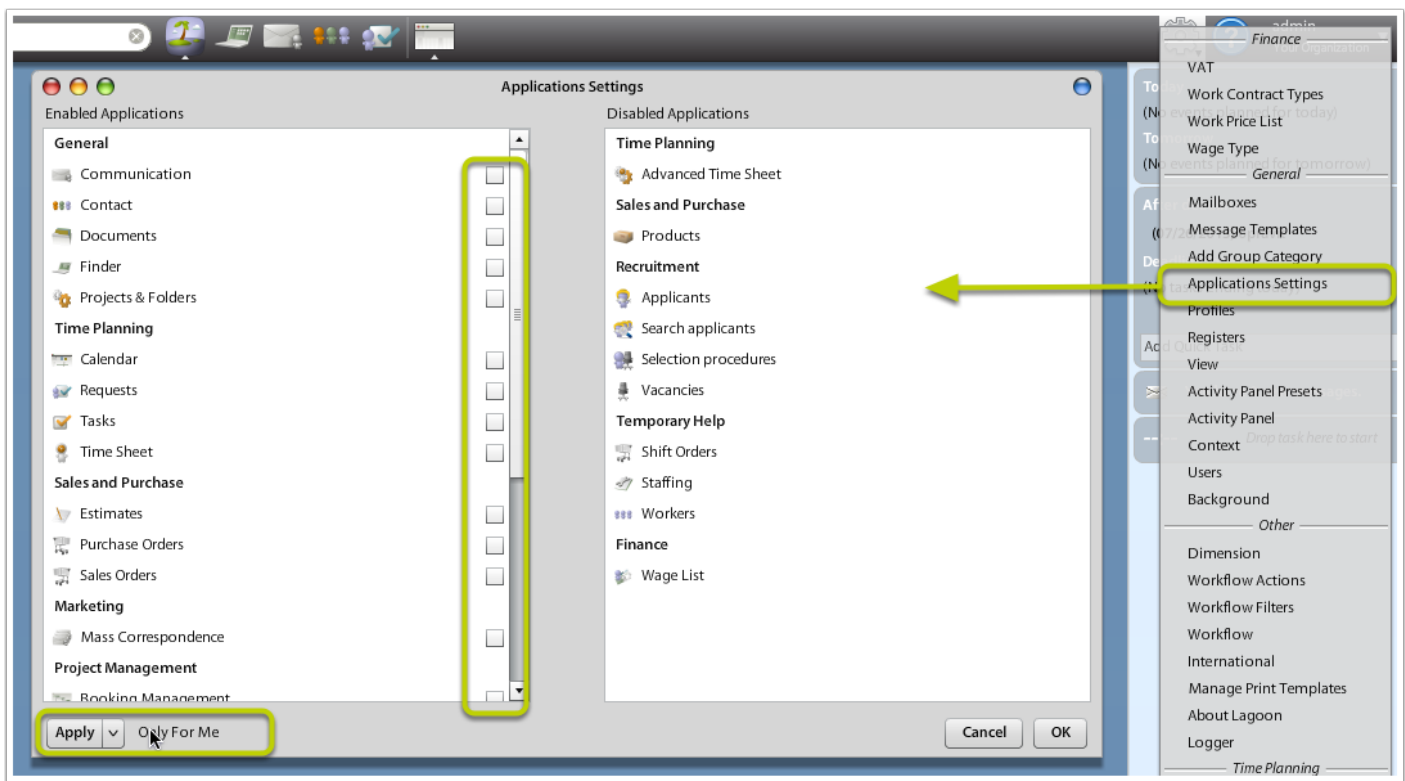

- Dashboard: new **Welcome widget** enables to create **employee intranet**

The screenshot displays the Atollon dashboard interface. At the top, there's a navigation bar with 'Dashboard' and 'New...' tabs. Below this, the dashboard is divided into two main sections. On the left, a 'New Welcome Screen ...' widget is shown with a 'Title' field and an 'Add Link' button. A yellow arrow points from this button to the file list below. On the right, a 'Welcome to Atollon Lagoon' widget displays several tasks: 'Send "Thank You" to one client today', 'Check Requests', '10 commandments.pdf' (with a reminder on basic rules), 'Set-Up Auto Reply', and 'Company knowledge base'. Below these widgets, a sidebar on the left lists 'Consulting', 'Mega Project', and 'Support'. The main content area shows a file list for 'Company Co. Ltd.' with columns for Name, Size, Modified by, Last Modified, and Created On. The file '10 commandments.pdf' is highlighted in the list.

Name	Size	Modified by	Last Modified	Created On
Activity				
Consulting				
Mega Project				
Support				
10 commandments.pdf	550 KB	admin	08/13/2013 7:34 AM	08/13/2013 7:34 AM

See Create new Welcome widget how to for more info.

- Core: added **Application Settings** to configure visible applications & toolbar favourite applications
