

Atollon Innovations 2017

(week 35)

Notice: After upgrade, you may find out that some Tabs in New Finder are missing. In such case, you may easily add them back and change their sort order using **Context Settings > Layout**.

New Features

- New Finder - best tool to manage & store your company data about clients and projects has been completely rewritten

The screenshot displays the Bohemia Accounting s.r.o. software interface. On the left, a sidebar lists clients with their names, IDs, and dates. The client 'Bohemia Accounting s.r.o.' is highlighted. The main area shows a detailed view of the selected client, including a header with the company name and address, a toolbar with icons for various functions, and a table of data. The table has columns for 'All', 'Status', 'Number', 'Supplier', and 'Cust'. The data rows show various projects and sales opportunities.

All	Status	Number	Supplier	Cust
