

# Atollon Innovations 2017

## (week 35)

Notice: After upgrade, you may find out that some Tabs in New Finder are missing. In such case, you may easily add them back and change their sort order using **Context Settings > Layout**.

## New Features

- New Finder - best tool to manage & store your company data about clients and projects has been completely rewritten

The screenshot displays the Bohemia Accounting s.r.o. software interface. On the left, a sidebar lists clients with their names, IDs, and dates. The client 'Bohemia Accounting s.r.o.' is highlighted. The main area shows a detailed view of this client, including a list of projects and a table of invoices.
