

Project Expenses

This tutorial shows the way how to enter regular project expenses.

Project expenses may be entered using Time Sheet / Expense Sheet application or using Received Invoices.

Add new project Expense

Open the project, where you would like to enter new expenses.

1.) On Time Sheet tab, you may enter new expenses.

2.) You can filter for only expense records (this will hide Time Sheet records) by clicking on Expense filter top left.

3.) Press on (+) on the button to select New expense record creation

Enter Expense details
