After adding items to the Deal there is a possibility to assess chance of closing the business case. Usually the chance is increasing during the progress of a deal.

Create Estimate

The screenshot shows a 'Business Case' window in the background and an 'Estimate' window in the foreground. The 'Business Case' window displays 'Expected close date' (03/14/2020), 'Probability', 'Provider' (Pioneer CRM Demo), and 'Invoice to'. The 'Estimate' window is titled 'Estimate' and contains the following fields:

- Context: * First American > Great Deal
- Status: * Vystav
- Number: [empty]
- External number: [empty]
- Journal: Cenová kalkulace
- Currency: CZK 1
- Issued date: 03/
- Valid until: 03/

Below these fields are expandable sections for 'Supplier: Pioneer CRM Demo, City, Country', 'Customer: First American', 'Comment:', and 'Custom attributes:'. A table lists the items in the estimate:

Name	Unit Price	Qty.	VAT	Amount	incl. Tax
1. Action Camera	5,600.00 CZK	1	DPH 21%	5,600.00 CZK	6,776.00 CZK

At the bottom of the 'Estimate' window, there are buttons for '+ Product(s)', 'X', '%', 'Controlling', and 'Mass change'. The 'Attachments' section shows '+ Local file(s)'. The bottom right corner of the 'Estimate' window displays 'Discount: 0.00% Total: CZK 5,600.00 Incl. VAT: CZK 6,776.00' and buttons for 'Send for approval...', 'Approve', 'Cancel', 'Apply', and 'OK'. At the very bottom of the screenshot, there are buttons for 'Create Invoice', 'Create Estimate', 'Create Sales Order', and 'Create Purchase Order'.

1. Open the Deal details
2. Click on button "**Create Estimate**" at the bottom of Deal Sales Items

Send estimate to client

There is an easy way to create PDF file and send it to your customer. Just pick the **MAIL** button at the left bottom of **Estimate** detail.

Afterwards system show print templates select menu. You can choose which template you want to print and way of communicating (by e-mail f.e.).

You can send e-mail using (personalized) mail template. E-mail is automatically saved on Sales opportunity context, so you can have it whenever you need it.
